ITEM-331: (R-89-691) ADOPTED AS RESOLUTION R-272644

19890110

(Continued from the meetings of October 24, 1988, Item 208, November 21, 1988, Item 206, and December 13, 1988, Item 340; last continued at Council Member Roberts' request, to allow the City Attorney to look into the legality of requiring a stipulation that the property will not be subdivided in the future and to meet with the applicant to work out an agreement.)

Vacating Witherby Street northeast of California Street and adjacent to Block 227 of Middletown Jackson Map, under the procedure for the summary vacation of streets where for a period of five consecutive years the street to be vacated has been impassable for vehicular travel and during such period no public money has been expended for maintenance; reserving and excepting from the foregoing vacation the right, easement and privilege of placing, constructing, repairing, replacing, maintaining, using and operating public utilities of any kind or nature; declaring that the easements reserved herein are in, under, over, upon, along and across Witherby Street; declaring that this resolution shall not become effective unless and until the issuance of permits for the required public improvements has been approved by Council action; in the event that the permits are not issued within 18 months after adoption of this resolution, this resolution shall become void and be of no further force or effect; directing the City Engineer to advise the City Clerk of the approval of the aforementioned issuance of permits.

(Uptown Community Area. District-2.)

CITY MANAGER SUPPORTING INFORMATION: The applicants have requested the proposed vacation in order to utilize and incorporate the area with their abutting property. The applicants propose to upgrade the existing driveway located within the vacation area and to install additional landscaping. This area of vacation, which totals 7,840 square feet, is

located in the Uptown Community Plan area and is situated in an R1-5000 Zone. No increase in density is anticipated at this time. However, any proposed redevelopment which proposes an increase in density will require discretionary permits, i.e., Planned Residential Development Permit or Tentative Map. The Planning Department has no objections, and the Planning Commission recommended approval on December 12, 1984, by a 6-0 vote. The area of vacation is unimproved except for an encroaching paved driveway that provides access to the petitioner's garage. The right-of-way also contains public utilities and franchise facilities for which easements are to be reserved. Traffic circulation by way of Witherby Street has been precluded due to previous closings of Witherby Street south of California Street in 1979 and immediately north of the proposed vacation when that area was subdivided in 1956. California Street is a long deadend street with no turnaround facility. As a condition of this vacation, the applicant is required to construct an acceptable turnaround, satisfactory to the City Engineer. Staff review has indicated that the right-of-way to be vacated is no longer needed for present or prospective public use and may be summarily vacated, conditioned upon the issuance of permits for the required turnaround.

Matters of the following variance requests from the Interim Development Ordinance (IDO):

- a) 1) A variance request from the Interim Development Ordinance (IDO) for a 693 unit project.
- 2) Appeal of IDO Administrator's denial of units.
- 3) Appeal of Section 11 of the IDO which requires the receipt of discretionary permits prior to a public hearing.

The subject property is located on the north side of Friars Road at Northside Drive and is described as a portion of Lot 36 of Rancho Mission of San Diego. The R-2, (subject to Northside Specific plan) zoned site is within the Mission Valley Community Plan area. (Case-88-6019 (Non-accelerated). District-5.)

- b) A variance request from the Interim Development Ordinance (IDO) for a 4 unit project (includes proposed units and any existing units to remain). The subject property is located at 1019, 1021, and 1023 Hornblend St. and is described as Lots 5 & 6, Block 230, Pacific Beach, Map-854. The R-1500 zoned site is within the Pacific Beach Community Plan area. Under the provisions of the ordinance, only a limited number of building permits are allowed per community planning area. This is not a variance from development standards, but would allow the project as described to proceed under the building permit process for the specific amount of units requested. The project is required to meet all applicable city development standards. (Case-88-7036 (Accelerated). District-6.)

Approval of the proposed Sorrento Hills Development Agreement Case-88-0590 between the City of San Diego and American Newland Associates et al. The agreement would apply to approximately 557 acres in the Sorrento Hills community. The development agreement is being proposed to meet a condition placed on an approved tentative subdivision map for the property. The primary purpose of the development agreement is to provide for the funding of public facilities through the owner's participation in the community's public facilities financing plan. The owner would agree to pay its fair share of fees or contribute facilities in lieu of payment as required by the public facilities financing plan for the community. The developer would also provide public improvements, facilities and services as required by the tentative subdivision map. The development agreement would assure the owner that the property could be developed in conformance with Sorrento Hills Community Plan; Zones M-IP, M-1B, R-1500 and A-1-1; PRD, PID and Tentative Map TM-84-0570; PRD-84-0518; Tentative Map TM-84-0519; HRP-183; and HRP and Tentative Map TM-83-0167 for the 20-year term of the agreement. Additional provisions are included in the draft development agreement.

ITEM-336: (R-89-982) ADOPTED AS RESOLUTION R-272647

Acquiring 12.34 acres of Los Penasquitos Canyon Preserve - North No. 5 for the San Diego Open Space Park Facilities District No. 1, under Resolution of Intention R-272368,

adopted on November 21, 1988; authorizing the expenditure of an amount not to exceed \$240,000 as payment for the property and related costs from Open Space Park District Bond Fund 79104; authorizing the City Manager to accept the deed to the property without further Council action.

(District-1.)

CITY MANAGER SUPPORTING INFORMATION: Los Penasquitos Canyon Preserve is priority number 1, in Category A, on the Council's adopted open space retention list. This 12.34 acre parcel is a portion of a large finger canyon north of and adjacent to the Genstar tradeland property. On September 15, 1986, Council approved an acquisition plan for this land, along with funds to have it appraised for purposes of acquisition for open space. Further, on June 1, 1987, Council established priorities for the acquisition plan which identified this land as the number eight priority. Since available funds are not adequate to proceed with all of the parcels included in this priority, we are returning to Council for approval of funds in order of established priorities. Funding is now available for the acquisition of this parcel, which consists mainly of canyon bottom and slope. This request is for \$240,000 to purchase this parcel at fair market value plus funds to cover title, escrow, and other miscellaneous costs.

ITEM-338: (R-89-984) ADOPTED AS RESOLUTION R-272649

Acquiring 4.32 acres of Southwest Neighborhood Park for the San Diego Open Space Park Facilities District No. 1 under Resolution of Intention R-272370, adopted on November 21, 1988; authorizing the expenditure of an amount not to exceed \$800,000 as payment for the property and related costs from Open Space Park District Bond Fund 79103; authorizing the City Manager to accept the deed to the property without further Council action.

(Otay Mesa-Nestor Community Area. District-8.)

CITY MANAGER SUPPORTING INFORMATION: This project will provide for the acquisition of 4.32 acres for a neighborhood park site in the Otay Mesa-Nestor Community Plan area. The property, which is located in Park Service District No. 725, will help to provide a portion of the population based park standards acreage required in this area. The Otay Mesa-Nestor Community Plan area is an urbanized area which is 97 percent built out; funding generated through park fees and impact fees

are insufficient to provide for acquisition of this parcel. On June 1, 1987, the City Council approved recommendations for open space acquisition priorities as described in City Manager Report CMR-87-237, which identified the use of up to \$1,500,000 of open space bond funds to acquire land for Southwest Neighborhood Park. That report referred to two possible sites. The site now recommended is a third site. Agreement on this acquisition has been reached with the owner, subject to resolution of a zoning issue on this property owner's adjacent land. However, approval of this request will in no way obligate the Council to any future decision on that issue. This request is for \$800,000 to purchase these parcels at fair market value, plus funds to cover title, escrow, and other miscellaneous costs.

CITY MANAGER SUPPORTING INFORMATION: The City-Wide Alley  
Improvement and Sewer Replacement - Contract No. 2 is the second  
project in the Southeast San Diego area to be considered by  
Council under the Gas Tax - Assessment District cost sharing  
concept. The cost sharing concept is based on gas tax funds  
being used to finance 50 percent of the alley improvements and  
the remaining 50 percent of the alley improvement cost being  
assessed to the benefitting parcels. Under this program, all  
property owners will pay their assessments, since gas tax funds  
cannot be utilized to pay individual assessments. The proposed  
improvements to the six alleys included in this contract consist  
of clearing, grubbing, grading, paving, curb, retaining wall,  
storm drain and sewer main replacement improvements. There are  
78 parcels in the proposed district. The cost of the sewer main  
replacements will be paid from Water Utility Department sewer  
annual allocation funds.
